Directions from Conference in regard to Local Arrangement

569 Services not led by a Minister or Local Preacher. (1) A service described on the preaching plan by the words "Local Arrangement" or any similar expression shall be arranged by church stewards and led by persons from the local congregation and shall not normally include a preaching element. Local preachers and worship leaders may be invited to take part in such a service but are neither required nor expected to do so and are free to decline any request to participate.

(2)

Those responsible for a local arrangement service by and for a particular group (such as children, young people, elderly people or those with special educational needs) shall receive encouragement and guidance from persons working with the group and an appropriate member of the Local Preachers' Meeting. The service should enable members of the group to discover and develop creative and culturally appropriate ways for them to meet with God in worship
